Legend

- Boring Location
- Area Suitable for Modified Waste Water Treatment Systmen (B2)
- Area Suitable for Conventional Waste Water Treatment System (A1)

Area suitable for Conventional System
A1 - 2.91 AC

Areas Suitable for Modified Conventional System
B1 - 0.97 AC

Notes:
1) This map and soils data is for preliminary planning purposes only. All septic system recommendations and assumptions are based on preliminary soils information and current property conditions as observed by Land Resource Management, PLLC.
2) This map is not a survey. Preliminary soils information is overlaid on GIS data provided by NC One Map.
3) This preliminary map is accompanied by an email summary of findings findings.
